The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).</p>

Continuation of 3. NOTE: See new limitations to claim 1. The new claims do not read on the originally elected structural unit of formula (2), but read on formula (7) of the NONELECTED and finally withdrawn claim 14.

Continuation of 11. does NOT place the application in condition for allowance because: Regarding the request for withdrawal of the restriction, formulas 8-9, requiring R7 to represent alkyl groups, have no antecedent bases in formula (2), which requires R7 to be hydrogen.

Regarding the finally, as stated in the interview, the search that resulted in the prior art was necessitated by the amendments to the claims in response to the first Office Action.

The restriction requirement remains Final. The rejections remain Final for reason already stated on the record.
